

QUANTITY SURVEYOR

Waikato Construction Management Ltd specialise in Design and Build projects and undertake a range of commercial, industrial, educational, and residential building projects for clients and community-based organisations. We understand design and we pride ourselves on our customer service. Our goal is to add value at all stages of your project, from budgeting, unique design, cost effective engineering solutions, timely construction, and comprehensive project management.

We are looking for a qualified **QUANTITY SURVEYOR** with experience in Commercial & Residential Construction with a good attitude who thrives working within a team environment.

Main Duties and Requirements:

- Knowledge dealing with standard NZ construction contracts.
- Tertiary level qualification in Quantity Surveying
- Pricing concept plans & high-level budgeting for projects
- Facilitate purchase orders to suppliers & sub-contractors.
- Negotiating favourable outcomes with clients, sub-contractors, and suppliers
- Measuring and estimating variation claims
- To carry out Project administration requirements for each project allocated
- Liaise with Client Managers, Project Managers and Foremen on site to review project progress and update all project communication appropriately.
- Ensure all materials are ordered and delivered in a timely manner to meet the requirements of the construction programme.
- Ensure projects are maintained within cost structure.

Benefits

- Attractive Remuneration Package
- Working Monday to Friday.
- Work for a well-respected company where people are appreciated.
- Great workplace culture

If you like to juggle a variety of projects, dealing with people and working with a team delivering high quality buildings, then this is the opportunity for you.

To join our friendly Team at Waikato Construction Management, send your CV and two references to: annette.venter@wcml.co.nz

Applicants for this position should have NZ residency or a valid NZ work visa
